MUSI BANYUASIN

Collection

South Sumatera

The collections from Musi Banyuasin are inspired by the Musi River in South Sumatera. Hendro Hadinata uses elements such as curve, length and flow of the river into a series of dining room furniture. The furniture of Musi Banyuasin collection by Dio Living has a noble Indonesian heritage, interpreted into a modern lifestyle. The Musi Banyuasin collection adopts the craftsmanship, local wisdom, and also the preservation of the Musi River and its surroundings.
